

Military Medicine & Research in S.A. *Innovations & Opportunities - Symposium*

December 2, 2009
7:30am - 3:30pm

Attention: Investors, Entrepreneurs, Scientists, Physicians, Economic Developers, and Business Leaders

The San Antonio life sciences community would like to invite you to join us for this dynamic and interactive military medicine & research symposium which will highlight some of the most innovative military medicine R&D in San Antonio.

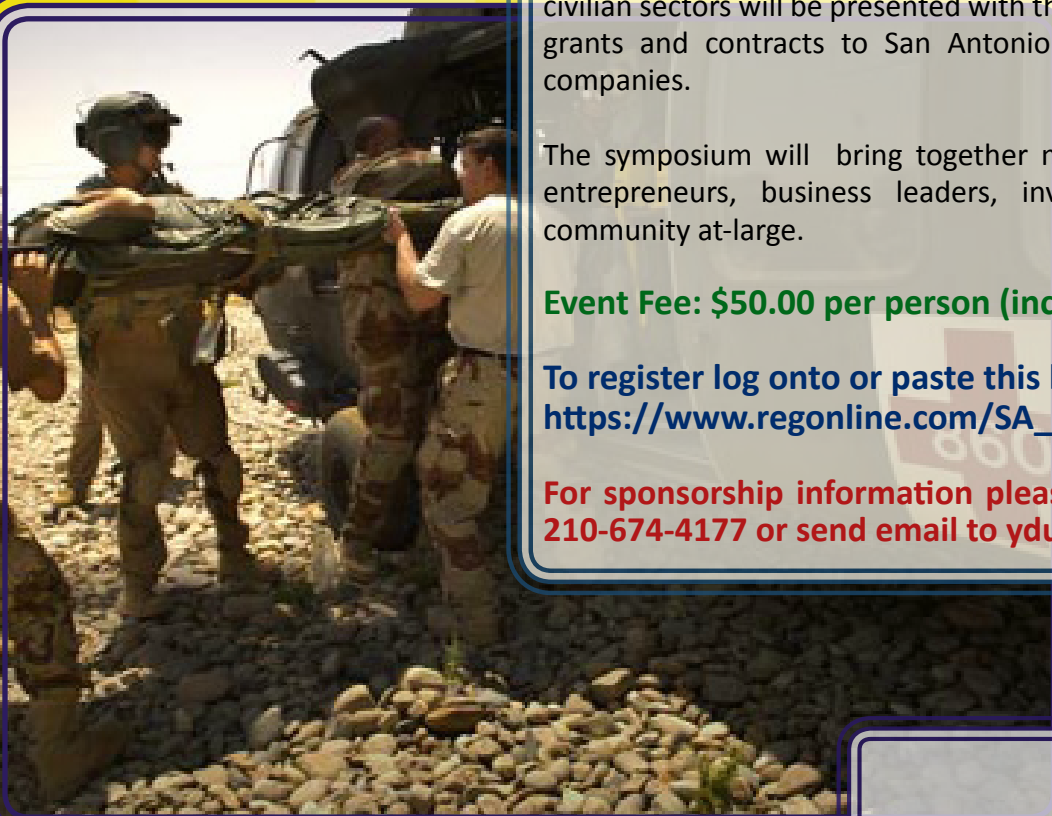

Case studies which showcase collaborations between the military and civilian sectors will be presented with the objective to accelerate military grants and contracts to San Antonio institutions and private sector companies.

The symposium will bring together military representatives, industry entrepreneurs, business leaders, investors, and the life sciences community at-large.

Event Fee: \$50.00 per person (includes breakfast and lunch)
